

Curriculum vitae Katrina Rønningen, Centre for Rural Research (CRR), Norway

Name: Katrina Rønningen
Address: Norwegian Centre for Rural Research
N-7491 Trondheim, Norway
E-mail: Katrina.Ronningen@rural.no

Education

1999 Dr.polit. in social sciences (Geography) Norwegian University of Science and Technology, Department of Geography. Thesis title: "Agricultural policies and countryside management. A comparative European study."
1989 Cand.agric., Land-use planning, Agricultural University of Norway (Now Norwegian University of Life Sciences). Institute of Land consolidation and land-use planning (now Inst. of Landscape planning, University of Life Sciences).

Professional Experience

1997- Norwegian Centre for Rural Research, Trondheim
1996-1997: Lecturer and consultant.
1990-1996: Research fellow with grants from the Norwegian Research Council. Dept. of Geography, University of Trondheim (now NTNU).
1989-1990: Consultant, municipality of Lørenskog. Projects for the Ministry of Environment and The Agricultural Development Fund. Institute of Planning and Law. Agricultural University of Norway (Now UMB, University of Life Sciences)

Ongoing research projects

- "Back to the future? Policy responses to increasing food prices and climate change in the new millennium". (2009-2012) (K.R. international coordinator) Financed by the The Research Council of Norway.
-
- iCoast – Integrated coastal area development: Working out a framework for sustainable development. Financed by the The Research Council of Norway.
- "Natural resources in forest and mountain communities – between marginalisation, commercialisation and conservation" 2004-2009. (K.R. Project leader) Financed by the The Research Council of Norway. Partners: Norwegian Institute for Nature Research (NINA), Dept. of Biology, Institute for Sociology and Social Sciences, NTNU
- Coast-scenes –"Building scenarios as a tool for dialogue, business development and management in protected coastal areas" (Froan-scenarier) 2007-2009. (K.R. Project leader), Financed by the Research Council of Norway, co-finance from Frøya municipality, Frøya New Business Association, Fishermen's Association, Mid-Norway, Trøndelag Fish farming Association, SalMar ASA. Several national and international partners
- "Conservation Covenants in Norway – moderating conflicts, reducing biodiversity loss and improving resource management?" Financed by the Research Council of Norway. Several national and international partners. (Project leader: Norwegian Institute for Nature Research)

Previous research projects

- "Bioenergy and landscape". Financed by Skogselskapet (The Forest Association) in Møre og Romsdal and the Møre and Romsdal county. 2006-2008
- Agriculture's role as upholder of cultural heritage. 2003-2005. Financed by the Research Council of Norway. Partner: NIKU (Norwegian Institute for Cultural Heritage Research)
- "Scenarios for reconciling biodiversity conservation with declining agricultural use in the mountains of Europe" ("BioScene") EUs Fifth Framework programme. (Project leader for the

Norwegian socio-economic group in the project) International co-ordinator: Dr. Jonathan Mitchley, ICSTM, UK. 2002-2005

- "Agriculture as a producer of collective goods – internal and external legitimacy". 2001-2003. (Project leader) Financed by the Research Council of Norway.
- «Agriculture and landscape management - local effects and international perspectives». Financed by the Norwegian Research Council. 1999-2001. A co-project between the Dept. of Geography, prof. Michael Jones, and the Centre for Rural Research. (KR Project leader.)
- «Social and cultural aspects of new economic development in forests and out-lyings of rural properties. Financed by the Norwegian Research Council. 1996-1999. (Project leader.)
- "Ownership structures within the forestry sector». Financed by the Norwegian Research Council. 1997-1999.
- «Landscape planning as a tool for economic development in forest areas». Norwegian project under the Scottish-Scandinavian co-operating «Forest landscape policies and tools in Scandinavia and Scotland», partly financed by EU Article 10, programme for «Northern periphery». The Norwegian project is a cooperation between Ressursplan AS/Forestry Owners association NORD, and the Centre for Rural Research. 1998-2001. (KR Norwegian co-ordinator)

Some other projects

- "Resource dependent communities in 'old economy regions'. The role of nature in social change, adaptation and resistance". Bilateral project establishment financed by the Norwegian Research Council. Partners: Lakehead University, Canada, and Norwegian Institute for Nature Research
- Evaluation of a Risk and vulnerability analysis in Froan (coastal conservation and economic development). Contract from the South Trøndelag county. 1998. (Project leader.)
- «Agriculture's multifunctionality - what importance has the Norwegian agriculture for the environment?» Contract from the Ministry of Agriculture. 1998-1999.
- "Environmental commodities and rural viability in Norway. A literature study." Contract from the OECD.
- "Land management initiatives in Europe". Contract for the Scottish Natural Heritage. 2002. Project coordinator: Dr. Henry Buller, Cheltenham and Gloucester College, UK
- "The cultural heritage of agriculture". Financed by the Ministry of Agriculture. 2002
